

BRETT SNYDER — Marketing Frontend Developer

Queen Creek, AZ • 602-561-5771 • info@brettsnyder.me • brettsnyder.me • LinkedIn • GitHub

PROFESSIONAL SUMMARY

Marketing Frontend Developer with 9+ years enterprise experience at Imagine Learning, specializing in high-converting landing pages, Shopify/Liquid frontend customization, and responsive web experiences. Native expertise in HTML5, CSS3, JavaScript with strong AI-assisted proficiency in React, Next.js, TypeScript. Combines frontend dev with professional UI/UX design skills to accelerate campaign launches and eliminate design-to-dev handoff delays. Proven track record managing 15+ WordPress sites on Pantheon.io, migrating 3 enterprise Shopify sites, building 50+ conversion-focused landing pages, and creating an HTML5 Master Blocks system that reduced page production time by 40%. AI stack: Claude Code (primary) and Codex — used to speed planning, coding, and iteration while maintaining full ownership of the codebase.

CORE COMPETENCIES

AI Dev: Claude Code • Codex • Prompt Engineering

Design/UX: UI/UX Design • Figma • Wireframing • Prototyping • Design Systems

Tools: Git/GitHub • Supabase • Vercel • Cross-browser Testing • WCAG • Performance Optimization

PROFESSIONAL EXPERIENCE

Product/Web Developer — Cosaint, Inc.

November 2025 – Present | Queen Creek, AZ

- **Launched CyWire.com SaaS platform** from concept to production using Next.js, React, TypeScript, Tailwind, Supabase, and Vercel — featuring a visual Master Prompt builder with JSON schema validation, community marketplace, Pro+ AI Chat Generator, document intelligence, auth, dashboards, scoped teams, and leaderboard systems.
- **Led rebrand and development of TopWebWorks.com** as a modern web services brand, and built a client portal to improve workflows, communication, and service management. Also building a modular EdTech product using CyWire's Master Prompt architecture — demonstrating ability to ship production-grade apps with AI-assisted development workflows.

Imagine Learning (formerly Weld North Education / Glynlyon Inc.)

October 2016 – October 2025 | 9 Years — Role Progression in Marketing & Frontend Development

Marketing Web Developer

March 2022 – October 2025 | Arizona (Remote)

- **Managed enterprise marketing web infrastructure:** Designed/developed pages for 10+ WordPress sites on Pantheon.io, created migration plan/estimates and led Shopify migration of 3 e-commerce CMS sites to designed/developed custom frontend Liquid/Schema marketing sections replacing paid apps, developed HTML5 Master Blocks system reducing landing page production time across 50+ conversion-focused pages.
- **Accelerated campaign execution combining design/dev expertise:** Translated Figma designs to accessible markup, designed/coded responsive HTML emails, optimized pages using A/B testing/heatmap data, mentored 12+ team members, eliminated designer-dev handoff delays for rapid iteration.

UI/UX Designer/Developer

April 2019 – March 2022 | Chandler, AZ (Hybrid)

- Led UI/UX design and frontend dev for marketing/product web experiences, managed WordPress sites on Pantheon.io, created high-fidelity Figma and HTML prototypes from scratch.
- Built responsive HTML prototypes incl. Monarch Catalog project w/ working interactions for dev handoff, collaborated with cross-functional teams to refine user flows/usability.

Senior Designer

October 2016 – April 2019 | Chandler, AZ

- Established enterprise WordPress mgmt practices on Pantheon.io, designed/developed responsive landing pages, emails, campaign assets.
- Created master HTML email system w/ CRM-ready templates that became company standard, managed design-to-code pipeline, applied A/B testing insights to optimize conversions.

EARLIER EXPERIENCE

Front-end Developer/Designer | 2006 – 2016

Contract work with enterprise clients including Pearson Online Learning (responsive email systems), Rio Salado College (portal redesign), and Net Media Group (A/B testing and conversion optimization). Earlier graphic design roles at Franklin Covey, Nu Skin, and Studeo Interactive Direct before transitioning to web development.
